Professional Summary

Recent BS-IT graduate and Node.js developer with practical experience in backend development. Proficient in JavaScript, Node.js, Express.js, and MongoDB. Demonstrated ability in developing RESTful APIs and optimizing backend performance. Seeking an internship opportunity to expand my skills in a real-world development environment.

PROJECTS

- **Matrimony and Event Management Website**

  - Developed a web platform supporting user profile creation, matchmaking, and event booking.

  - Integrated a recommendation system to match users based on city and sect preferences.

  - Designed user-friendly signup, profile creation, and booking processes to enhance the user experience.

  - **Tech Stack:** HTML, CSS, JavaScript (frontend), Node.js, Express.js (backend), Pug (template), MongoDB (database)

- **Tours Booking Website**

  - Created an interactive tour booking platform with secure user authentication.

  - Built RESTful APIs to manage tours, bookings, and user feedback.

  - Enabled online bookings, feedback submissions, and detailed views of package information.

  - **Tech Stack:** HTML, CSS, JavaScript (frontend), Node.js, Express.js (backend), Pug (template), MongoDB (database)

- **Employee Management System**

  - Developed a CRUD-based system allowing admins to manage employee profiles.

  - Implemented features for adding and editing employee details like joining dates and designations.

  - Focused on building an intuitive interface for efficient data handling by administrators.

  - **Tech Stack:** HTML, CSS, JavaScript (frontend), Node.js, Express.js (backend), Pug (template), MongoDB (database)

Technical SKILLS

- **Languages & Technologies:** HTML, CSS, JavaScript, Node.js, Express.js, PUG

- **Database Technologies:** MongoDB

- **Additional Skills & Tools:** RESTful API Development, Dynamic Web Page Rendering, OOP, VS Code, Postman

- **Soft Skills:** Problem-Solving, Analytical Thinking, Team Collaboration, Communication

Work EXPERIENCE

Backend Node.js Developer Intern

INNOVATECHSTAR   Aug 2024 – Sept 2024

- Developed and maintained RESTful APIs for a variety of web applications, ensuring robust and scalable backend solutions.

- Collaborated with frontend developers to integrate user-facing elements with server-side logic and optimize performance.

- Utilized Express.js for building and managing web server functionality, including routing, middleware, and session management.

EDUCATION

- **Minhaj University Lahore**   2020 – Sept 2024

    Bachelors of Science in Information Technology; CGPA: 2.67

    Relevant Coursework: Web Development, OOP, PF, Database, Networking

- **Pak Polytechnic Institute Lahore**   2017 – July 2019
    DAE in Information Technology
